

About MSEC

Mohamed Sathak Engineering College, Kilakarai, is the first self-financing engineering institution, established in 1984 by Mohamed Sathak Trust. Such is the vision of our late founder-Chairman Alhaj. S.M. Ahamed Jalaludeen, to establish an engineering college in Kilakarai, to transform the deprived remote village into a centre of education, The institution is home to 3000 students, 300 faculties and 40 research scholars. MSEC offers 10 UG courses and 10 PG courses.

About The Department

The Department of chemical engineering was started in the year of 1996. It is one of the well-established department in the Institute with strong, well-knit facilities and excellent library. The Department has cutting edge laboratories with all facilities aside Process control and simulation lab, Environmental Engineering lab, etc.

About The Conference

The purpose of the National Conference on Green Technologies for Energy Management (NCGTEM'16) is to bring together academicians, researchers, designers, and practitioners interested in the advances and applications in the field of green technology, renewable energy and application to energy management.

Call for Papers

Nano Technology | Alternative Energy Sources
Fuel Cell Technology | Solid Waste Management
Clean Technology | Chemical Processing & Modeling
Optimisation Techniques | Novel Separation Methods
Environmental Impact and Remediation | E-Waste Recycling
