*Guest lecture by,*  
**Dr. S. CHANDRAN**

on

**"CARRIER OPPERTUNITIES IN CIVIL ENGINEERING FEILD"**

**Alumni are really great!**

For WEEK 1, we invited Dr. S. CHANDRAN, PROF. THIYAGARARAJ COLLEGE OF ENGINEERING, Madurai, to conduct a session in our association. He is also one of our alumni on "CARRIER OPPORTUNITIES ON CIVIL ENGINEERING". He also shared his experiences and struggle through his life. He also shared their batch mate's lives which were really surprising. It is really happy to know that our alumni were well settled in this field.

Our special thanks to Dr. Mr. Chandran, who eagerly accepted our invitation and presented a thought provoking ideas about carrier opportunities. He is also one of our alumni!
