We are happy to announce that Spoken Tutorial Project, IIT Bombay has decided to make **Mohamed Sathak Engineering College (MSEC), Kilakarai, Tamil Nadu** as a SUPER RESOURCE Center. We hope the your group will offer the training to all the students of your premises in a time bound manner (via time-table / curriculum presence), Institutional awareness activities and later might spread awareness of the project in the state. *The project is a part of the National Mission on Education through ICT, MHRD, Govt. of India, to spread IT Literacy all over India.* We are offering an award winning MOOCS, the Audio-Video teaching tool, 'Spoken Tutorial', which is used to teach a variety of Software. These provide Software Skills with both employment focus and academic focus.

We are ready to support you in your efforts to train students on General Computer Skills, Programming and Scripting Software and specialised IT tools. The course and the training will be offered free of cost to all Institutions.

Specific activities will be -

IIT Bombay Side:-

- The Spoken Tutorial team at IIT Bombay will work with you / your Coordinators and arrange the mentioned training programme for all relevant courses offered in the College.
- We will publicise any event organised by the group related to this training on our website.
- The team will also support and guide all individuals at the Institution / Department level as they firstly introduce the training and then gradually expand it to all.
- The team will also provide brochures, leaflets, posters, etc where necessary, free of cost.

Mohamed Sathak Engineering College's Side:

- Overall / Chief Coordinator to identify and appoint Institutional and departmental Coordinators for all campuses and update the ST Team IIT Bombay accordingly
- Upload this signed SRC agreement letter on the Home Page (prominent space) of the Institution's website.
- Motivate and guide all the departments to start the the training from this Academic year through Time-Tables / curriculum inclusions and continue thereon.
- For all computer Lab courses, the group should include the relevant Spoken Tutorial based Software and mention '**Spoken Tutorials as E-Resource for learning**', with site link in the

M. Sathak

M. Sathak

Syllabus (as reference material) and in Time Table. The printed (attested) copy of the same should be shared with the Spoken Tutorial IIT Bombay team.

- The College will ensure that this exercise is ready for 2015-16 calendar year time-tables for all semesters, prior to semester start date and continue the procedure thereon.
- Explore the possibilities for Spoken Tutorials, based Software courses to be offered as stand alone/ add on courses to cover maximum departments' students where there is lesser relevance.
- Create and conduct Spoken Tutorial FOSS club activities and submit to us the periodical (monthly) report.
- The group will initiate the process of lab migration into Open Source, where-ever possible.
- Mention the name of the ST-IIT Bombay Tamil Nadu State Coordinator's contact details on the College website.
- Encourage / motivate other Colleges present in and around Madurai - Ramnad Educational region, thereafter in the rest of Tamil Nadu.

Note:- This agreement is subject to change from time to time on mutual understanding.

If you are in acceptance with the above mentioned points, please sign and send us the scan at the earliest. We are here to support you with sustained interaction.

Objective of the Course

In today's dynamically changing market building an effective career strategy becomes imperative. This course provides students with the resources and skills necessary to pursue their career goals.

The purpose of this course is counseling students and providing employment-readiness services that will meet the demands of a highly skilled workforce, thus creating interest and professionalism in the students

Course Outline

- Aptitude Questions
- Interview Questions
- Placement Papers
- Technical Sessions
- Identity - Relish Your Uniqueness
- Bridge - Between You and You
- Echo - Life Truth
- Faith - Life's Oxygen

Venue : PG SEMINAR HALL

Duration : 38 Hours

Course Co-ordinator : Mr.N.BALASUBRAMANIAN

Trainers : 1. Mr.M.Saravanan - Trainer
Leaders IAS Academy, Chennai
2. Mr. Mr.K.Balaji - Administrator
GINIX Powerology, Ramanathapuram

About the College

Mohamed Sathak Engineering College (MSEC), Kilakarai, is one of the premier and first self financing engineering colleges in Tamilnadu, established in the year of 1984, with the mission of importing quality technical education to rural students. Our college offers 10 UG Courses and 9 PG Courses.

UG Courses

- B.E. Aeronautical Engineering
- B.E. Civil Engineering
- B.E. Computer Science & Engineering
- B.E. Electrical & Electronics Engineering
- B.E. Electronics & Communications Engg.
- B.E. Marine Engineering
- B.E. Mechanical Engineering
- B.Tech. Chemical Engineering
- B.Tech. Information Technology
- B.Arch

PG Courses

- M.E. Applied Electronics
- M.E. Computer Science & Engineering
- M.E. Thermal Engineering
- M.E. Structural Engineering
- M.E. Power Systems Engineering
- M.E. Communication Systems
- M.Tech. Chemical Engineering
- M.B.A.,
- M.C.A.,

Our college has 50 Mbps internet facility so as to carryout relevant research projects in good manner. The College has obtained ISO 9001:2008 Certification.

Academic Year 2014 - 2015

Date: 24-07-2014

Subject Course – OpenFOAM (Spoken Tutorial/IITB)

Branch: B.E– Aeronautical Engineering

Year & Semester: IV & VII

Course Date: 04-08-2014 to 14-08-2014

Objective of Course: It is an open source/free CFD (Computational Fluid Dynamics) software available for solving and analyzing problems and to create a real world fluid flow movie. Open source equivalent to FLUENT. It can create custom objects, such as boundary conditions or turbulence models.

Subject Course Syllabus:

- **Fluid Dynamics/Physical Modelling**

Initial conditions, Boundary conditions, Introduction to turbulence, Turbulence modelling essentials.

- **Numerical Solution / Computing**

Numerical solution overview, Parallel running, Discretization introduction, Discretization of diffusion.

- **Geometry and Meshing**

Geometry generation, SnappyHexMesh introduction, snappyHexMesh enhancements, snappyHexMesh refinement.

- **Data Analysis**

Visualization introduction, Data formats, Graphs and surfaces, Objective measures,

ABOUT THE DEPARTMENT

The Department of Aeronautical Engineering was started in the year 1998. It is one of the well established departments in the institute with strong well built facilities and excellent library. The department has cutting edge laboratories with all the facilities aside aerodynamics lab and simulation lab etc.

INTRODUCTION

This workshop will provide a comprehensive training in the intelligent and effective use of simulation software. It will also emphasize proper selection of thermodynamic models in simulator and provide pertinent background behind the simulation of various operation. It will demonstrate the steady state and dynamic simulation of fluid flow along with its applications.

VALUE ADDED COURSE SYLLABUS

- **Fluid Dynamics/Physical Modelling**
Initial conditions, Boundary conditions, Introduction to turbulence, Turbulence modelling essentials.
- **Numerical Solution / Computing**
Numerical solution overview, Parallel running, Discretization of introduction, Discretization of diffusion.
- **Geometry and Meshing**
Geometry generation, SnappyHexMesh introduction, snappyHexMesh enhancements, snappyHexMesh refinement.
- **Data Analysis**

Visualization introduction, Data formats, Graphs and surfaces, Objective measures,

ABOUT THE COLLEGE

Mohamed Sathak Engineering College (MSEC) was established in Kilakarai in 1984. It is worth to note that MSEC was the very first Self - Financing Engineering College established in the state of Tamil Nadu.

We are the pioneers in the field of Engineering possessing rare courses from like Chemical Engineering, Aeronautical Engineering, Architecture, Marine Engineering. So far more than 15000 UG & 2500 PG students got graduated from our institute and are placed well off in National & International Levels.

The College has more than normal facilities expected of an Engineering College of high standard. Classrooms are spacious and airy. All the labs are well equipped. Computer laboratories are well organized with Internet facilities available to each and every student.

A computerized Library with well-stacked volumes of books and journals, quenches the intellectual thirst of the students. Vast playgrounds and a multi station gymnasium keep the students fit and healthy. Separate hostels are there for boys and girls.

DURATION:

40 hours @ 4 hrs daily

Value Added Course - DWSIM

Branch: B.Tech – Chemical Engineering

Semester: VII

Course Date: 21.07.2014 to 31.07.2014

Objective of Course: It is an open-source CAPE - OPEN compliant chemical process simulator for advanced thermodynamics calculations, reactions support and petroleum characterization/hypothetical component generation tools. It is able to simulate steady-state, vapor-liquid, vapor-liquid-liquid, solid-liquid and aqueous electrolyte equilibrium processes with the Thermodynamic Models and Unit Operations.

Value Added Course Syllabus:

- **CAPE-OPEN features:** Property Package Socket, Property Package Server, Unit Operation Socket and Flowsheet Monitoring Object support.
- **Thermodynamic models:** Peng-Robinson, Soave-Redlich-Kwong, Lee-Kesler, Lee-Kesler-Plöcker, UNIFAC, Modified UNIFAC (Dortmund), UNIQUAC, NRTL, Raoult's Law, Black-Oil and Sour Water.
- **Unit Operations:** Mixer, Splitter, Separator, Pump, Compressor, Expander, Heater, Cooler, Valve, Pipe Segment, Shortcut Column, Heat Exchanger, Reactors, Component Separator, Orifice Plate, Distillation/Absorption Columns.
- **Utilities:** Pure Component Properties, Critical Point, PSV Sizing, Vessel Sizing, Spreadsheet and Petroleum Cold Flow Properties.
- **Tools:** Binary Data Regression, Compound Creator, Bulk C7+ and Distillation Curves Petroleum Characterization and Reactions Manager.
- **Process Analysis:** Multivariate Constrained Optimization and Sensitivity Analysis utility:

About the College

Mohamed Sathak Engineering College (MSEC), Kilakarai, is one of the premier and first self financing engineering colleges in Tamilnadu, established in the year of 1984, with the mission of importing quality technical education to rural students. Our college offers 10 UG Courses and 9 PG Courses.

UG Courses

- B.E. Aeronautical Engineering
- B.E. Civil Engineering
- B.E. Computer Science & Engineering
- B.E. Electrical & Electronics Engineering
- B.E. Electronics & Communications Engg.
- B.E. Marine Engineering
- B.E. Mechanical Engineering
- B.Tech. Chemical Engineering
- B.Tech. Information Technology
- B.Arch

PG Courses

- M.E. Applied Electronics
- M.E. Computer Science & Engineering
- M.E. Thermal Engineering
- M.E. Structural Engineering
- M.E. Power Systems Engineering
- M.E. Communication Systems
- M.Tech. Chemical Engineering
- M.B.A.,
- M.C.A.,

Our college has 50 Mbps internet facility so as to carryout relevant research projects in good manner. The College has obtained ISO 9001:2008 Certification.

ABOUT THE DEPARTMENT

The Department of Aeronautical Engineering was started in the year 1998. It is one of the well established departments in the institute with strong well built facilities and excellent library. The department has cutting edge laboratories with all the facilities aside aerodynamics lab and simulation lab etc.

INTRODUCTION

This workshop will provide a comprehensive training in the intelligent and effective use of simulation software. It will also emphasize proper selection of thermodynamic models in simulator and provide pertinent background behind the simulation of various operation. It will demonstrate the steady state and dynamic simulation of fluid flow along with its applications.

VALUE ADDED COURSE SYLLABUS

- **Fluid Dynamics/Physical Modelling**
Initial conditions, Boundary conditions, Introduction to turbulence, Turbulence modelling essentials.
- **Numerical Solution / Computing**
Numerical solution overview, Parallel running, Discretization introduction, Discretization of diffusion.
- **Geometry and Meshing**
Geometry generation, SnappyHexMesh introduction, snappyHexMesh enhancements, snappyHexMesh refinement.
- **Data Analysis**

Visualization introduction, Data formats, Graphs and surfaces, Objective measures,

ABOUT THE COLLEGE

Mohamed Sathak Engineering College (MSEC) was established in Kilakarai in 1984. It is worth to note that MSEC was the very first Self - Financing Engineering College established in the state of Tamil Nadu.

We are the pioneers in the field of Engineering possessing rare courses from like Chemical Engineering, Aeronautical Engineering, Architecture, Marine Engineering. So far more than 15000 UG & 2500 PG students got graduated from our institute and are placed well off in National & International Levels.

The College has more than normal facilities expected of an Engineering College of high standard. Classrooms are spacious and airy. All the labs are well equipped. Computer laboratories are well organized with Internet facilities available to each and every student.

A computerized Library with well-stacked volumes of books and journals, quenches the intellectual thirst of the students. Vast playgrounds and a multi station gymnasium keep the students fit and healthy. Separate hostels are there for boys and girls.

DURATION:

Department of Chemical Engineering

Academic Year (2015 - 2016)

Date: 30.06.2015

Value Added Course - DWSIM

Branch: B.Tech – Chemical Engineering

Semester: VII

Course Date: 10.08.2015 to 20.08.2015

Objective of Course: It is an open-source CAPE - OPEN compliant chemical process simulator for advanced thermodynamics calculations, reactions support and petroleum characterization/hypothetical component generation tools. It is able to simulate steady-state, vapor-liquid, vapor-liquid-liquid, solid-liquid and aqueous electrolyte equilibrium processes with the Thermodynamic Models and Unit Operations.

Value Added Course Syllabus:

- **CAPE-OPEN features:** Property Package Socket, Property Package Server, Unit Operation Socket and Flowsheet Monitoring Object support.
- **Thermodynamic models:** Peng-Robinson, Soave-Redlich-Kwong, Lee-Kesler, Lee-Kesler-Plöcker, UNIFAC, Modified UNIFAC (Dortmund), UNIQUAC, NRTL, Raoult's Law, Black-Oil and Sour Water.
- **Unit Operations:** Mixer, Splitter, Separator, Pump, Compressor, Expander, Heater, Cooler, Valve, Pipe Segment, Shortcut Column, Heat Exchanger, Reactors, Component Separator, Orifice Plate, Distillation/Absorption Columns.
- **Utilities:** Pure Component Properties, Critical Point, PSV Sizing, Vessel Sizing, Spreadsheet and Petroleum Cold Flow Properties.
- **Tools:** Binary Data Regression, Compound Creator, Bulk C7+ and Distillation Curves Petroleum Characterization and Reactions Manager.
- **Process Analysis:** Multivariate Constrained Optimization and Sensitivity Analysis utility:

About Us

Randstad is a € 16.6 billion global provider of HR services and the second largest staffing organization in the world. From temporary staffing to permanent placement to search & selection, HR Solutions and Inhouse, Randstad holds top positions around the world and has approximately 28,030 corporate employees working from 4,587 branches and inhouse locations in 40 countries. Founded in 1960 and headquartered in Diemen, the Netherlands, Randstad Holding nv is listed on the NYSE Euronext Amsterdam (RAND.AS).

Our mission is to be a world leader in matching demand for and supply of labor and HR services. In doing so, we continue to apply our founding ethos: "to know, to serve, to trust." We believe in the value of work as a unifying force that shapes society for the better.

We are India's No.1 HR Services Company with 20 years of leadership.

With 50 years of global HR heritage and 20 years of being HR pioneers in India, Randstad provides clients immediate access to immense global and local HR expertise to drive business performance. Randstad India offers the broadest HR services portfolio ranging from staffing, search, selection, HR solutions and inhouse services. These services are based on strong concepts developed from insights gathered over years of extensive research.

Our vast network of offices across the country enables us to be within the reach of clients, candidates and flexi workers.

Founded in 1992 as Ma Foi Management Consultants, the company was acquired in 2004 by Vedior. A leader in the HR industry in India, with 20 years rich history, Ma Foi became a part of Randstad in 2008 as part of global acquisition of Vedior by Randstad.

Our values

Our core values Randstad is known for continuing to adhere to and live by the core values established in its early days: to know, serve and trust, striving for perfection and simultaneous promotion of all interests.

| | |
|---|--|
| To know | We are experts. We know our clients, their companies, our candidates and our business. In our business it's often the details that count the most. |
| To serve | We succeed through a spirit of excellent service, exceeding the core requirements of our industry. |
| To trust | We are respectful. We value our relationships and treat people well. |
| striving for perfection | We always seek to improve and innovate. We are here to delight our clients and candidates in everything we do. This gives us the edge. |
| simultaneous promotion of all interests | We see the bigger picture, and take our social responsibility seriously. Our business must always benefit society as a whole. |

Our collective identity is maintained by our shared commitment to these values, which together form a virtuous circle. We can only promote the interests of all our stakeholders if we know them well. Our thorough knowledge of them and our business enables us to serve them better. Our engagement with and service to our stakeholders builds mutual trust. This trust is enhanced by continually striving for perfection and promoting the interests of our stakeholders and society in general. The values we share serve as a compass for everyone at Randstad, guiding our behaviour and representing the foundation of our culture. Our continuing success, our ability to achieve our mission, and our reputation for integrity, service and professionalism are based on them.

Vision and Mission

HR services represent one of the world's fastest-growing industries, with the global market worth around € 289 billion. Yet in many major economies, staffing and other HR services are still in their infancy. As the world's number two HR services company, we are a true global leader in our industry and see it as our responsibility to take an active role in developing the

industry. In 2012, every day we provided work for over 581,000 people around the world. By finding employees the work they are best suited for, and by finding employers those candidates who best fit within their organization, we provide value to society as a whole. Changing labor market trends, including an aging population, flexibilization, and resolving labor market shortages, means developing new solutions. By finding the right balance between the needs of the employer and the changing wishes of employees, we will bring supply and demand closer together. In short, our mission is to take the lead in shaping the world of work.

About Us

CMS is uniquely positioned as India's largest cash management services company. More than 50% of the cash in the entire country is moved by us. We provide safe and secure ATM management, cash delivery and pick-ups, cash-in-transit, dedicated cash vans, currency chest support, cash processing and sorting, and cashiering services.

CMS Info Systems was formed in 2009 following an investment by the Blackstone Group to acquire majority stake in certain key businesses of CMS Computers (founded by the late Mr. Ramesh Grover family in 1976). In 2011, CMS Info Systems acquired Securitrans India Private Limited (SIPL), the second largest cash management company in India, thus consolidating its position as the leading cash management services company in India.

Cash management services aside, today CMS is also a leader in each of its varied business lines: Managed IT Services, Card Personalization, Print and Digital Solutions, and IT training.

Our success can be attributed to one simple strategy: We enable clients to focus on their core businesses by freeing them of vital operational functions.

In-depth sector understanding, project management expertise and a deeply entrenched nationwide support network, have contributed to an enviable client roster which includes all leading banks, top retail chains and well-known insurance majors.

10 Days Value Added Course on Big Data Analysis

December 21-31, 2015

Organized by

MOHAMED SATHAK ENGINEERING COLLEGE

KILAKARAI- 623506

Contact:

Mohamed Sathak Engineering College

Kilakarai-623 806

Phone: 04567-241327, 242327

Website: www.msec.org.in

Duration:

The Value added Course duration is ten days. Each day consists of morning lecture sessions with afternoon lab/strategy sessions.

OBJECTIVE & SCOPE OF THE PROGRAM

Big Data Analysis is everywhere. Several industries ranging from technology to finance to governments want to use Big Data Analysis techniques for knowledge discovery. Tools and techniques have been developed recently to handle various aspects of Big Data Analysis such as data aggregate tools, scalable storage, efficient retrieval, and faster analysis. It is important to get the awareness of this recent development in the area of Big Data Analytic tools and techniques. This course will look at the software and algorithms designed for coping with Big Data. We will train participant to get practical knowledge for Big Data Analysis.

ABOUT THE COLLEGE

Mohamed Sathak Engineering College (MSEC) was established in Kilakarai in 1984. It is worth to note that MSEC was the very first Self – Financing Engineering College established in the state of Tamilnadu. We are the pioneers in the field of Engineering possessing rare courses from like Aeronautical Engineering, Chemical Engineering, Architecture, Marine Engineering. So far more than 15000 UG & 2500 PG students got graduated from our institute and are placed well off in National & International Levels.

The College has more than normal facilities expected of an Engineering College of high standard. Classrooms are spacious and airy. All the labs are well equipped. Computer laboratories are well organized with Internet facilities available to each and every student. Language lab is established with all modern equipment enabling students improve their communication skills. Computerized Library with well-stocked volumes of books and journals, quenches the intellectual thirst of the students. Vast playgrounds and a multi-station gymnasium keep the students fit and healthy. Separate hostels are there for boys and girls.

This course will look at the software and algorithms designed for coping with Big Data. We will train participant to get practical knowledge for Big Data Analysis.

ABOUT THE COLLEGE

Mohamed Sathak Engineering College (MSEC) was established in Kilakarai in 1984. It is worth to note that MSEC was the very first Self – Financing Engineering College established in the state of Tamilnadu. We are the pioneers in the field of Engineering possessing rare courses from like Aeronautical Engineering, Chemical Engineering, Architecture, Marine Engineering. So far more than 15000 UG & 2500 PG students got graduated from our institute and are placed well off in National & International Levels.

The College has more than normal facilities expected of an Engineering College of high standard. Classrooms are spacious and airy. All the labs are well equipped. Computer laboratories are well organized with Internet facilities available to each and every student. Language lab is established with all modern equipment enabling students improve their communication skills. Computerized Library with well-stacked volumes of books and journals, quenches the intellectual thirst of the students. Vast playgrounds and a multi-station gymnasium keep the students fit and healthy. Separate hostels are there for boys and girls.

Dear CHITHIRAI SELVI RAMU,

We are pleased to invite you to join IVTL Infoview Technologies Private Ltd as one of its valuable members, and become part of a fast-paced and dedicated team that works together to provide the highest quality software for its global customers.

Your designation is **Trainee Engineer** and you will report to a **Project Manager** who will be intimated to you on your Joining Date (as defined below). You will operate out of our office at **Chennai**, or any other place that we may require you to operate out of.

Your joining date is **June 1, 2016**. Your appointment shall come into effect on the Joining Date, or any date as the Company may determine, which date shall be the Joining Date, from which date you shall attend to your duties in accordance with the provisions set out herein and the Employee Handbook, 2015. On the Joining Date, the Company will issue an appointment letter, which you are required to execute and adhere to. You shall continue to attend to your duties until terminated as per the provisions set out herein, the Appointment Letter, and the Employee Handbook, 2015. A copy of the Employee Handbook, 2015, will be provided to you on or prior to your Joining Date.

Your position will carry a cost-to-company of **Rs.4, 50,000/- (Rupees Four Lakhs Fifty Thousand Only)** per annum. You will be on probation for a period of 1 (one) year from the Joining Date set out above, and will be confirmed based on your performance. During the Probation Period, you shall give 2 (two) months' notice in case of leaving.

Your appointment with the Company is solely based upon your representations regarding your qualifications, educational history, family details, and all other information you provided during the selection process, which the Company has relied upon.

By accepting this offer, you also irrevocably consent to the Company initiating and performing all necessary background checks as may be required for, and during the course of, your employment, either by Company or through any third party authorized by the Company in this regard.

Offer Conditions

Your offer stands canceled in the following cases:

1. Unsatisfactory reports on the background check.
2. It is found that you have provided false information or have suppressed information during the selection process.
3. You having arrears on the Joining Date; or
4. Your final overall CGPA or % of marks is reduced from the time you were recruited, or the 7th semester, whichever is later.
5. You not participating in the "pre-employment training" conducted by the Company in cooperation with your college's placement department.

ABOUT THE COLLEGE

Mohamed Sathak Engineering College (MSEC) was established in Kilakarai in 1984. It is worth to note that MSEC was the very first Self - Financing Engineering College established in the state of Tamil Nadu.

We are the pioneers in the field of Engineering possessing rare courses from like Chemical Engineering, Aeronautical Engineering, Architecture, Marine Engineering. So far more than 15000 UG & 2500 PG students got graduated from our institute and are placed well off in National & International Levels.

This workshop will provide a comprehensive training in the intelligent and effective use of designing software. It will also emphasize proper selection of tools in the designing industries.

A computerized Library with well-stocked volumes of books and journals, quenches the intellectual thirst of the students. Vast playgrounds and a multistation gymnasium keep the students fit and healthy. Separate hostels are there for boys and girls.

Course Syllabus

Academic Year 2015 - 2016

Date: 17.06.2015

Subject Course – DPT01-DIGITAL PROTOTYPING USING AUTODESK INVENTOR

Branch: B.E – Mechanical engineering

Year & Semester: III&V

Course Date: 22.06.2015 to 30.06.2015

Course Objective:

Digital Prototyping course provides hands on experience on how modern technologies improve the product development cycle. Today's product design and manufacturing companies are faced with increased competition and growing market demands. To ensure the companies and products are successful digital prototyping methods are used to gain an advantage and produce better products.

The course will focus on the different stages of the product development cycle with a consistent workshop projects used throughout. The course starts with the ideation initial phase of development and concludes with producing technical publications of the product for marketing and support. Each segment of the course will contain lectures that illustrate the market demands and relationships of the product development cycle.

MOHAMED SATHAK ENGINEERING COLLEGE
KILAKARAI - 623 806.

Academic Year 2016 - 2017

Date: 11.07.2016

Subject Course – OpenFOAM (Spoken Tutorial/IITB)

Branch: B.E – Aeronautical Engineering

Year & Semester: IV & VII

Course Date: 11.08.2016 to 24.08.2016

Objective of Course: It is an open source/free CFD (Computational Fluid Dynamics) software available for solving and analyzing problems and to create a real world fluid flow movie. Open source equivalent to FLUENT. It can create custom objects, such as boundary conditions or turbulence models.

Subject Course Syllabus:

- **Fluid Dynamics/Physical Modelling**

Initial conditions, Boundary conditions, Introduction to turbulence, Turbulence modelling essentials.

- **Numerical Solution / Computing**

Numerical solution overview, Parallel running, Discretization introduction, Discretization of diffusion.

- **Geometry and Meshing**

Geometry generation, SnappyHexMesh introduction, snappyHexMesh enhancements, snappyHexMesh refinement.

- **Data Analysis**

Visualization introduction, Data formats, Graphs and surfaces, Objective measures,

ABOUT THE DEPARTMENT

The Department of Aeronautical Engineering was started in the year 1998. It is one of the well established departments in the institute with strong well built facilities and excellent library. The department has cutting edge laboratories with all the facilities aside aerodynamics lab and simulation lab etc.

INTRODUCTION

This workshop will provide a comprehensive training in the intelligent and effective use of simulation software. It will also emphasize proper selection of thermodynamic models in simulator and provide pertinent background behind the simulation of various operation. It will demonstrate the steady state and dynamic simulation of fluid flow along with its applications.

VALUE ADDED COURSE SYLLABUS

- **Fluid Dynamics/Physical Modelling**
Initial conditions, Boundary conditions, Introduction to turbulence, Turbulence modelling essentials.
- **Numerical Solution / Computing**
Numerical solution overview, Parallel running, Discretization of introduction, Discretization of diffusion.
- **Geometry and Meshing**
Geometry generation, SnappyHexMesh introduction, snappyHexMesh enhancements, snappyHexMesh refinement.
- **Data Analysis**

Visualization introduction, Data formats, Graphs and surfaces, Objective measures,

ABOUT THE COLLEGE

Mohamed Sathak Engineering College (MSEC) was established in Kilakarai in 1984. It is worth to note that MSEC was the very first Self - Financing Engineering College established in the state of Tamil Nadu.

We are the pioneers in the field of Engineering possessing rare courses from like Chemical Engineering, Aeronautical Engineering, Architecture, Marine Engineering. So far more than 15000 UG & 2500 PG students got graduated from our institute and are placed well off in National & International Levels.

The College has more than normal facilities expected of an Engineering College of high standard. Classrooms are spacious and airy. All the labs are well equipped. Computer laboratories are well organized with Internet facilities available to each and every student.

A computerized Library with well-stacked volumes of books and journals, quenches the intellectual thirst of the students. Vast playgrounds and a multi station gymnasium keep the students fit and healthy. Separate hostels are there for boys and girls.

DURATION:

40 hours @ 4 hrs daily

PARTICIPANTS:

IV Year, Aeronautical Engineering Students, MSEC.

MOHAMED SATHAK ENGINEERING COLLEGE, KILAKARAI – 623 806
Department of Chemical Engineering
Academic Year (2016 - 2017)

Date: 06.07.2016

Value Added Course - DWSIM

Branch: B.Tech – Chemical Engineering

Semester: VII

Course Date: 16.08.2016 to 26.08.2016

Objective of Course: It is an open-source CAPE - OPEN compliant chemical process simulator for advanced thermodynamics calculations, reactions support and petroleum characterization/hypothetical component generation tools. It is able to simulate steady-state, vapor-liquid, vapor-liquid-liquid, solid-liquid and aqueous electrolyte equilibrium processes with the Thermodynamic Models and Unit Operations.

Value Added Course Syllabus:

- **CAPE-OPEN features:** Property Package Socket, Property Package Server, Unit Operation Socket and Flowsheet Monitoring Object support.
- **Thermodynamic models:** Peng-Robinson, Soave-Redlich-Kwong, Lee-Kesler, Lee-Kesler-Plöcker, UNIFAC, UNIQUAC, NRTL, Raoult's Law, Black-Oil and Sour Water.
- **Unit Operations:** Mixer, Splitter, Separator, Pump, Compressor, Expander, Heater, Cooler, Valve, Pipe Segment, Shortcut Column, Heat Exchanger, Reactors, Component Separator, Orifice Plate, Distillation/Absorption Columns.
- **Utilities:** Pure Component Properties, Critical Point, PSV Sizing, Vessel Sizing, Spreadsheet and Petroleum Cold Flow Properties.
- **Tools:** Binary Data Regression, Compound Creator, Bulk C7+ and Distillation Curves Petroleum Characterization and Reactions Manager.
- **Process Analysis:** Multivariate Constrained Optimization and Sensitivity Analysis utility:

10 Days Value Added Course on Big Data Analysis

December 20-30, 2016

Organized by

MOHAMED SATHAK ENGINEERING COLLEGE

KILAKARAI- 623506

Contact:

Mohamed Sathak Engineering College

Kilakarai- 623 506

Phone: 04567-241327, 242327

Website: www.msec.org.in

Duration:

The Value added Course duration is ten days. Each day consists of morning lecture sessions with afternoon laboratory sessions.

OBJECTIVE & SCOPE OF THE PROGRAM

Big Data Analysis is everywhere. Several industries ranging from technology to finance to governments want to use Big Data Analysis techniques for knowledge discovery. Tools and technologies have been developed recently to handle various aspects of Big Data Analysis such as data aggregable tools, accurate storage, efficient retrieval and faster analysis. It is important to get the awareness of this recent development in the area of Big Data Analytic tools and techniques. This course will look at the software and algorithms designed for coping with Big Data. We will train participants to get practical knowledge for Big Data Analysis.

ABOUT THE COLLEGE

Mohamed Sathak Engineering College (MSEC) was established in Kilakarai in 1984. It is worth to note that MSEC was the very first Self - Financing Engineering College established in the state of Tamilnadu. We are the pioneers in the field of Engineering possessing rare courses from like Aeronautical Engineering, Chemical Engineering, Architecture, Marine Engineering. So far more than 15000 UG & 2000 PG students got graduated from our institute and are placed well off in National & International levels.

The College has more than normal facilities expected of an Engineering College of high standard. Classrooms are spacious and airy. All the labs are well equipped. Computer laboratories are well organized with Internet facilities available to each and every student. Language lab is established with all modern equipment enabling students improve their communication skills. Computerized Library with well-stocked volumes of books and journals, quenches the intellectual thirst of students. Vast playgrounds and a multi-station gymnasium keep students fit and healthy. Separate hostels are there for boys and girls.

OBJECTIVE & SCOPE OF THE PROGRAM

Big Data Analysis is everywhere. Several industries ranging from technology to finance to governments want to use Big Data Analysis techniques for knowledge discovery. Tools and techniques have been developed recently to handle various aspects of Big Data Analysis such as data aggregate tools, scalable storage, efficient retrieval, and faster analysis. It is important to get the awareness of this recent development in the area of Big Data Analytic tools and techniques. This course will look at the software and algorithms designed for coping with Big Data. We will train participant to get practical knowledge for Big Data Analysis.

ABOUT THE COLLEGE

Mohamed Sathak Engineering College (MSEC) was established in Kilakarai in 1984. It is worth to note that MSEC was the very first Self – Financing Engineering College established in the state of Tamilnadu. We are the pioneers in the field of Engineering possessing rare courses from like Aeronautical Engineering, Chemical Engineering, Architecture, Marine Engineering. So far more than 15000 UG & 2500 PG students got graduated from our institute and are placed well off in National & International Levels.

The College has more than normal facilities expected of an Engineering College of high standard. Classrooms are spacious and airy. All the labs are well equipped. Computer laboratories are well organized with Internet facilities available to each and every student. Language lab is established with all modern equipment enabling students improve their communication skills. Computerized Library with well-stacked volumes of books and journals, quenches the intellectual thirst of the students. Vast playgrounds and a multi-station gymnasium keep the students fit and healthy. Separate hostels are there for boys and girls.

ABOUT THE DEPARTMENT

The Department of Aeronautical Engineering was started in the year 1998. It is one of the well established departments in the institute with strong well built facilities and excellent library. The department has cutting edge laboratories with all the facilities aside aerodynamics lab and simulation lab etc.

INTRODUCTION

This workshop will provide a comprehensive training in the intelligent and effective use of simulation software. It will also emphasize proper selection of thermodynamic models in simulator and provide pertinent background behind the simulation of various operation. It will demonstrate the steady state and dynamic simulation of fluid flow along with its applications.

VALUE ADDED COURSE SYLLABUS

- **Fluid Dynamics/Physical Modelling**
Initial conditions, Boundary conditions, Introduction to turbulence, Turbulence modelling essentials.
- **Numerical Solution / Computing**
Numerical solution overview, Parallel running, Discretization of introduction, Discretization of diffusion.
- **Geometry and Meshing**
Geometry generation, SnappyHexMesh introduction, snappyHexMesh enhancements, snappyHexMesh refinement.

- **Data Analysis**
Visualization introduction, Data formats, Graphs and surfaces, Objective measures,

ABOUT THE COLLEGE

Mohamed Sathak Engineering College (MSEC) was established in Kilakarai in 1984. It is worth to note that MSEC was the very first Self - Financing Engineering College established in the state of Tamil Nadu.

We are the pioneers in the field of Engineering possessing rare courses from like Chemical Engineering, Aeronautical Engineering, Architecture, Marine Engineering. So far more than 15000 UG & 2500 PG students got graduated from our institute and are placed well off in National & International Levels.

The College has more than normal facilities expected of an Engineering College of high standard. Classrooms are spacious and airy. All the labs are well equipped. Computer laboratories are well organized with Internet facilities available to each and every student.

A computerized Library with well-stacked volumes of books and journals, quenches the intellectual thirst of the students. Vast playgrounds and a multi station gymnasium keep the students fit and healthy. Separate hostels are there for boys and girls.

Value Added Course - DWSIM

Branch: B.Tech – Chemical Engineering

Semester: VII

Course Date: 10.07.2017 to 20.07.2017

Objective of Course: It is an open-source CAPE - OPEN compliant chemical process simulator for advanced thermodynamics calculations, reactions support and petroleum characterization/hypothetical component generation tools. It is able to simulate steady-state, vapor–liquid, vapor–liquid–liquid, solid–liquid and aqueous electrolyte equilibrium processes with the Thermodynamic Models and Unit Operations.

Value Added Course Syllabus:

- **CAPE-OPEN features:** Property Package Socket, Property Package Server, Unit Operation Socket and Flowsheet Monitoring Object support.
- **Thermodynamic models:** Peng-Robinson, Soave-Redlich-Kwong, Lee-Kesler, Lee-Kesler-Plöcker, UNIFAC, Modified UNIFAC (Dortmund), UNIQUAC, NRTL, Raoult's Law, Black-Oil and Sour Water.
- **Unit Operations:** Mixer, Splitter, Separator, Pump, Compressor, Expander, Heater, Cooler, Valve, Pipe Segment, Shortcut Column, Heat Exchanger, Reactors, Component Separator, Orifice Plate, Distillation/Absorption Columns.
- **Utilities:** Pure Component Properties, Critical Point, PSV Sizing, Vessel Sizing, Spreadsheet and Petroleum Cold Flow Properties.
- **Tools:** Binary Data Regression, Compound Creator, Bulk C7+ and Distillation Curves Petroleum Characterization and Reactions Manager.
- **Process Analysis:** Multivariate Constrained Optimization and Sensitivity Analysis utility:

10 Days Value Added Course on Big Data Analysis

December 26-29, 2017

Organized by

MOHAMED SATHAK ENGINEERING COLLEGE

KILAKARAI- 623506

Contact:

Mohamed Sathak Engineering College

Kilakarai-623 806

Phone: 04567-241327, 242327

Website: www.mssec.org.in

Duration:

The Value added Course duration is ten days. Each day consists of morning lecture sessions with afternoon lab/strategy sessions.

OBJECTIVE & SCOPE OF THE PROGRAM

Big Data Analysis is everywhere. Several industries ranging from technology to finance to governments want to use Big Data Analysis techniques for knowledge discovery. Tools and techniques have been developed recently to handle various aspects of Big Data Analysis such as data aggregate tools, scalable storage, efficient retrieval, and faster analysis. It is important to get the awareness of this recent development in the area of Big Data Analytic tools and techniques. This course will look at the software and algorithms designed for coping with Big Data. We will train participant to get practical knowledge for Big Data Analysis.

ABOUT THE COLLEGE

Mohamed Sathak Engineering College (MSEC) was established in Kilakarai in 1984. It is worth to note that MSEC was the very first Self - Financing Engineering College established in the state of Tamilnadu. We are the pioneers in the field of Engineering possessing rare courses from like Aeronautical Engineering, Chemical Engineering, Architecture, Marine Engineering. So far more than 15000 UG & 2500 PG students got graduated from our Institute and are placed well off in National & International Levels.

The College has more than normal facilities expected of an Engineering College of high standard. Classrooms are spacious and airy. All the labs are well equipped. Computer laboratories are well organized with Internet facilities available to each and every student. Language lab is established with all modern equipment enabling students improve their communication skills. Computerized Library with well-stocked volumes, books and journals, quenches the intellectual thirst of the students. Fast playgrounds and a multi-station gymnasium keep students fit and healthy. Separate hostels are there for boys and girls.

Duration:

The Value added Course duration is ten days: Each day consists of morning lecture sessions with afternoon lab/strategy sessions.

OBJECTIVE & SCOPE OF THE PROGRAM

Big Data Analysis is everywhere. Several industries ranging from technology to finance to governments want to use Big Data Analysis techniques for knowledge discovery. Tools and techniques have been developed recently to handle various aspects of Big Data Analysis such as data aggregate tools, scalable storage, efficient retrieval, and faster analysis. It is important to get the awareness of this recent development in the area of Big Data Analytic tools and techniques. This course will look at the software and algorithms designed for coping with Big Data. We will train participant to get practical knowledge for Big Data Analysis.

ABOUT THE COLLEGE

Mohamed Sathak Engineering College (MSEC) was established in Kilakarai in 1984. It is worth to note that MSEC was the very first Self – Financing Engineering College established in the state of Tamilnadu. We are the pioneers in the field of Engineering possessing rare courses from like Aeronautical Engineering, Chemical Engineering, Architecture, Marine Engineering. So far more than 15000 UG & 2500 PG students got graduated from our institute and are placed well off in National & International Levels.

The College has more than normal facilities expected of an Engineering College of high standard. Classrooms are spacious and airy. All the labs are well equipped. Computer laboratories are well organized with Internet facilities available to each and every student. Language lab is established with all modern equipment enabling students improve their communication skills. Computerized Library with well-stacked volumes of books and journals, quenches the intellectual thirst of the students. Vast playgrounds and a multi-station gymnasium keep the students fit and healthy. Separate hostels are there for boys and girls.

Objective of the Course

In today's dynamically changing market building an effective career strategy becomes imperative. This course provides students with the resources and skills necessary to pursue their career goals.

The purpose of this course is counseling students and providing employment-readiness services that will meet the demands of a highly skilled workforce, thus creating interest and professionalism in the students

Course Outline

- Aptitude Questions
- Interview Questions
- Placement Papers
- Technical Sessions
- Identity - Relish Your Uniqueness
- Bridge - Between You and You
- Echo - Life Truth
- Faith - Life's Oxygen

Venue : PG SEMINAR HALL

Duration : 3S Hours

Course Co-ordinator : Mr.N.BALASUBRAMANIAN
